petency. Powning has telegraphed them to come and join the Washoe bargain at once. Minstrels as high kickers.

-Lost. -A suitable reward will with garnets. Lost between residence and Olcovich's store, Dec. 21.

-There will be a concert at the Presbyterian Church on Saturday evening, together with singing, recitations, etc. A collection will be taken up at the close of the performance.

-The untidy, dirty appearance of a grizzly beard should never be allowed. Buckingham's Dye for the Whiskers will readily change their color to a brown or black, at discretion, and thus keep up your reputation for neatness and good looks.

"It is strange," said United States Senator Evarts, a few days ago, that in administering justice, the wisdom of this world for six thousand years has discovered no other way than for both sides to hire a man to exaggerate their side, and then try to find out what is the truth between them.

-The Eureka Sentinel continues te boom E, N. Robinson, of Hamilton, for U. S. Senator. represent us in that body who cares no more for Nevada or its peeple than "the man in the moon," Mr. Robinson would probably do as well as anyone else. Between him and Wm. M. Stewart we have no choice. -White Pine News.

-"Words fail to express my gratitude," says Mr. Selby Carter. of Nashville, Tenn. "for the benefits derived from Aver's Sarasparilla. Having been afflicted all my life with scrofula, my system seemed saturated with it. It came out in biotches, ulcers, and mattery sores all over my body." Mr. Carter states that he was entirely cured by Aver's Sarsaparilla, and since discounting its use eight months ago, has had no return of the scrofulous systems.

#### To be Tested.

An agreed case for the purpose of testing the validity of the new Constitutional Amendment is to be made up and submitted to the Supreme Court at an early day. This will be done for the purpose of settling the question, one way or the other, before any serious complica tions are allowed to arise. Further than that, if these amendments are not at present of binding force, the Legislature ought to be apprised of that fact, in order that the necessary steps can be taken for remedying perience and wisdom. any wrong that now exists.

Ellis-+ pencer.

Last evening P. B. Ellis and Miss L. A. Spencer, both of this city, were married at the residence of Miss Clapp, by the Rev. G. R. Davis. The ceremony was per formed in the presence of a few invited guests. The ladies say that there was a merry gathering at the seeds. table after the ceremony.

A FLATTERING OFFER.

The Editor of the "Appeal" Asked to Manage the Washee Minstrels.

The following letter explains it-

Palace Hotel, San Francisco. MY DEAR BOY:-I see by the APPEAL that you take considerable interest in the Washoe Minstrels. I have had the troupe on my hands for some months, and by reason of my being so busy with my railroad business. I find myself unable to attend to the arduous work of handling them in such a way as to make a financial success.

Mr. Powning and his crowd I find quite an expensive luxury, and not being on the ground I am unable to check his outrageous ex travagance.

Minstrel shows, where the talent has to be padded out with so much advertising, looks to me like

My idea is that you have facili ties for advertising this show, not at my immediate command, and I make you the offer that if you wish -Seventeen ballet girls have to assume the management of the been discharged in Boston for incom- show I will sell you my title and good will for \$8, if you close the

I think if you did not make a good thing with them as a minstrel be paid by Mrs. H. M. Yerington for troupe, that you could cage them the recovery of a gold bracelet set up in Carson during the Winter and run them as a freak museum. Of course I only make this as a suggestion, but sometimes my suggestions are worth following.

> Yours truly, UNCLE JIMMIE.

P. S. If you can manage to saddle the gang on Stewart, I will gladly send you a check for \$10,000

A Remarkable Record.

In the Scientific American, not long ago, was published the record of a Baldwin locomotive, No. 165, which made 119,360 miles without undergoing general repairs. Locomotive No. 61, on the Northern and Northwestern railroad, Canada, and built at the Brooks Locomotive Works at Dunkirk, N. Y., has made the wonderful aggregate mileage of 190,554 without general repairs, not even by changing a pip, brass or driving brass, or having a flue taken out. After running 44,179 miles, with a view to changing her from a freight to a passenger locomotive, she was taken off her wheels and had her tires turned. After that she was run 143,475 miles without being lifted from her wheels. Her engineer is Robert Pearson, who has been on the road over 30 years. No. 61 has cylinders 18x24, and five-feet drivers.

Powderly and the Anarchists. CHICAGO, Dec. 22.-An important secret circular has been received by the District Assemblies of the Knights of Labor having jurisdiction over Cook county, from Master Workmen Powderly, the promulgation of which will please the conservatives and full like a wet blanket on the hopes of the radical element. Powderly has ordered the District Master Workmen not to allow any money to be collected for the condemned Anarchists, and instructs, if any funds have heretofore been collected, that such money be returned to the Assemblies and persons who contributed the same. The orders are said to be imperative. Powderly's action settles forever the question of the relation of the Knights of of Labor with the condemned Anarchists.

Ohristmas Greens The ladies of the Episcopal Church are busy at work weaving evergreens for Christmas. There will be a Christmas Service in the church on Saturday and special FORT HALLECK RESERVA-TION.

The Land to be Sold at Public Auction.

By order of President Cleveland, dated October 11th, the Fort Halleck Reservation was abandoned as a military post and transferred to the Department of the Interior. It has been decided by Secretary Lamar to have the same surveyed, appraised and sold under the provisions of an Act of Congress of July 5, 1884, and U. S. Surveyor General Powning has received instructions from Commissioner Sparks to invite proposals for said survey, which have been prepared, and are as follows: U. S. SURVEYOR GEN. OFFICE /

RENO, NEV. Dec. 17, 1886. Proposals will be received at this office, for thirty days from date, for the survey of the late Fort Halleck Military Reservation. The reser-

vation consists of three parts, viz: The military reservation proper, located in T. 34 N., R. 56 E.; the timber reservation directly to the South of it, and the hay reservation located in T. 35 N., R. 58 E.

The lines to be surveyed will consist of the re-establishment of the boundaries of the reservation,if found necessary, and the subdivision of the reservation in the same manner as public lands according to surveying laws of United States. The contract for the above work will be let subject to the approval of the Commissioner of the General Land Office, to the lowest responsible bidder(being a practical and reliable surveyer) at rates not exceeding the legal rates for section and township lines, and not exceed \$5 per mile for reservation and passes on my street railroad boundary lines. The right to reject any and all bids is hereby re-

After the reservation has been surveyed, and the surveys have been approved by the Commissioner of the General Land Office, the land will be sold according to the provisions of the Act of Congress heretofore referred, which are as follows: The Secretary of the Interior shall appoint three competent and disinterested men who shall after being duly sworn to impartially and faithfully execute the trust reposed in them appraise the said lands, subdivisions and tracts, and each of them, and then report their proceedings to the Secretary for his action thereon. If such appraisement be disapproved the Secretary shall again cause said lands to be appraised as before provided; and when the appraisement has been approved, he shall cause the said lands to be sold at public sale, to the highest bidder for cash, at not less than one dollar and twenty-five cents per acre, first having given less than sixty days public notice of the time, place and terms of sale, immediately prior to such sale, by publication in at least two papers having a general circulation in the country or section of country where the land to be sold is situated; and lands or subdivisions remaining unsold may be re-offered for sale at any subsequent time in the same manner, at the discretion of the Secretary of the Interior; and if not sold at such second offering for want of bidders then the Secretary may sell the same at private sale for eash, at not less than the appraised value, nor less than one dollar and twentyfive cents per acre; provided, that any settler who was in actual occupation up to the present time, and is by law entitled to make a homestead entry shall be entitled to enter the land so occupied, not exceeding 160 acres in one body ac cording to the Government surveys and subdivisions; provided further. that said land were subject to entry at time of their withdrawal. Any buildings or other property which may be situated within the bounds of the reservation, shall be sold in same manner as herein-before described for sales of land, and they may be sold at the discretion of the Secretary either with or without the land upon which such buildings or property are situ-

Dyeing.

Mr. Osborn, who recently ran the Laundry, is now devoting his entire time to the dyeine department, and crowded with work. Ladies prenounce his work as good at the same price as any work turned out in San Francisco If you have a faden suit of clothes the dye makes them as good as new.
